

Features & Benefits

- Revolutionary design allows Floorleds to be easily installed
- Floorleds are recess mounted and require a min. floor thickness of only 7mm
- Long lifespan of up to 100.000 hours
- Energy-efficient: round versions consume only 0.3W and square 0.6W
- Solid construction can withstand 285kg of walkover pressure
- The lights are cool to the touch, the surface won't get hotter than 34°C
- Floorleds are available in LED colors cool white, warm white or blue

Applications

- Natural stone
- Hardwood & laminate
- Carpet, carpet tiles & rugs
- (Entrance) matting
- Quartz carpet & vinyl flooring

Floorleds

Round / Square

Eyeleds® Floorleds is a patented, easy to install, built-in walk-over lighting innovation based on LED technology. Floorleds are one of the first low profile, permanently installed, recessed residential and commercial LED floor lighting systems of its kind.

Floorleds provide ambient, orientation, marker and safety lighting in carpet, hardwood, laminate, natural stone and quartz flooring applications.

Floorleds are perfect for commercial applications such as restaurants, retail establishments, entertainment facilities, sport facilities, theatres, casinos or hotels. Floorleds function wonderfully as guide, accent or night-lights in stairways, lobbies, offices, conference rooms, walkways, elevators or at entrances or exits of buildings.

The solid Eyeleds® construction is designed to withstand heavy use; walking or even driving over the lights is not a problem.

Specifications

Lumen Output

Round (Cool White LED)	1,6 lm
Square (Cool White LED)	2,0 lm

Power Consumption

Round	0.3W / 25mA
Square	0.6W / 50mA

Efficacy

Round	5,3 lm/W
Square	3,3 lm/W

Rated Life

LEDs	SMD (Side LED)
------	----------------

Materials

Lens and Housing	Polycarbonate
Metal Parts	Stainless Steel (INOX 304)

Walkover Pressure

IK	IK10
----	------

Surface Temperature

Front	Max. 34°C
Back	Max. 31°C

Operating Temperature

Voltage	12V DC
---------	--------

Warranty

Standards	CE
-----------	-----------

Environment

Environment	IP67, indoor application only
-------------	-------------------------------
