

## Features & Benefits

- ✓ Compact, high performance luminaire
- ✓ Light output equivalent to 10W halogen light
- ✓ Sustainable and energy-efficient LED technology
- ✓ Various optics (lenses) available
- ✓ Wide range of operating voltage from 8-30V DC
- ✓ Step-free dimming and individual on/off switch

## Applications

- ✓ task lighting & general lighting in small spaces
- ✓ lighting for yachts, caravans & RUV's
- ✓ accent lighting and cabinet lighting
- ✓ ceiling and furniture lighting
- ✓ wall mounted orientation lighting

## MiniBeam

The MiniBeam is a remarkably compact LED spotlight, ideally suited as accent lighting for paintings, statues or other presentation objects. The energy saving and sustainable LED technology makes the product suited for 24/7 operation.

The product comes standard with a 30° lens or optional 8° lens to achieve the right lighting solution for your application.

The MiniBeam operates on 8 to 30VDC and can be connected to battery power at yachts, caravans and RUVs. This luminaire can be switched on and off individually by means of a push button located at the base of the fixture. In addition, the push button allows for step-free dimming and the built-in electronics 'remember' the previous dim setting after (central) off/on switching.

The Eyeleds MiniBeam offers modern LED technology in an elegant miniaturized design and is widely applicable as accent lighting in residential and commercial applications.

## Specifications

### Lumen Output

Cool White LED	120 lm
Warm White LED	93 lm

<b>Power Consumption</b>	2.5W
--------------------------	------

### Efficacy

Cool White LED	48 lm/W
Warm White LED	37 lm/W

### Color Temperature

Cool White LED	6500K
Warm White LED	3000K

<b>Beam Angle</b>	30° (optional 12° or 50°)
-------------------	---------------------------

<b>Rated Life</b>	up to 100.000 Hours
-------------------	---------------------

### Materials

Lens	Polycarbonate
------	---------------

Housing	Aluminum (Anodized)
---------	---------------------

<b>Fixture Color(s)</b>	Aluminum Matte (Optional White)
-------------------------	---------------------------------

<b>Surface Temperature</b>	Max. 40°C
----------------------------	-----------

<b>Operating Temperature</b>	-10°C to +50°C
------------------------------	----------------

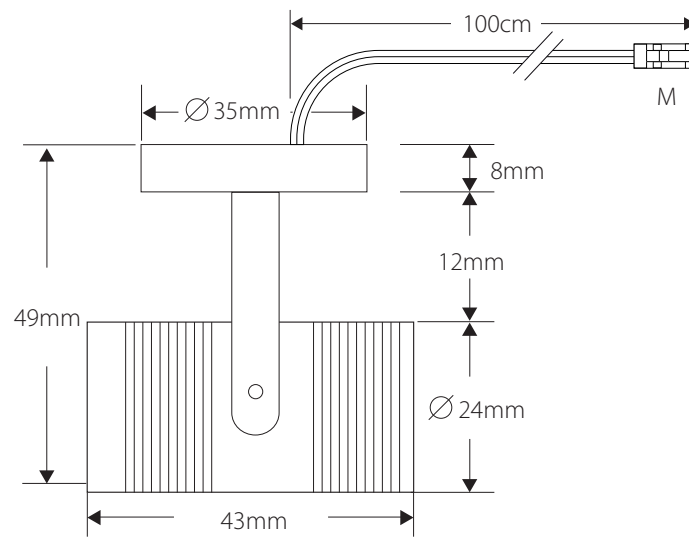

<b>Voltage</b>	8-30V
----------------	-------

<b>Warranty</b>	3 Years Limited
-----------------	-----------------

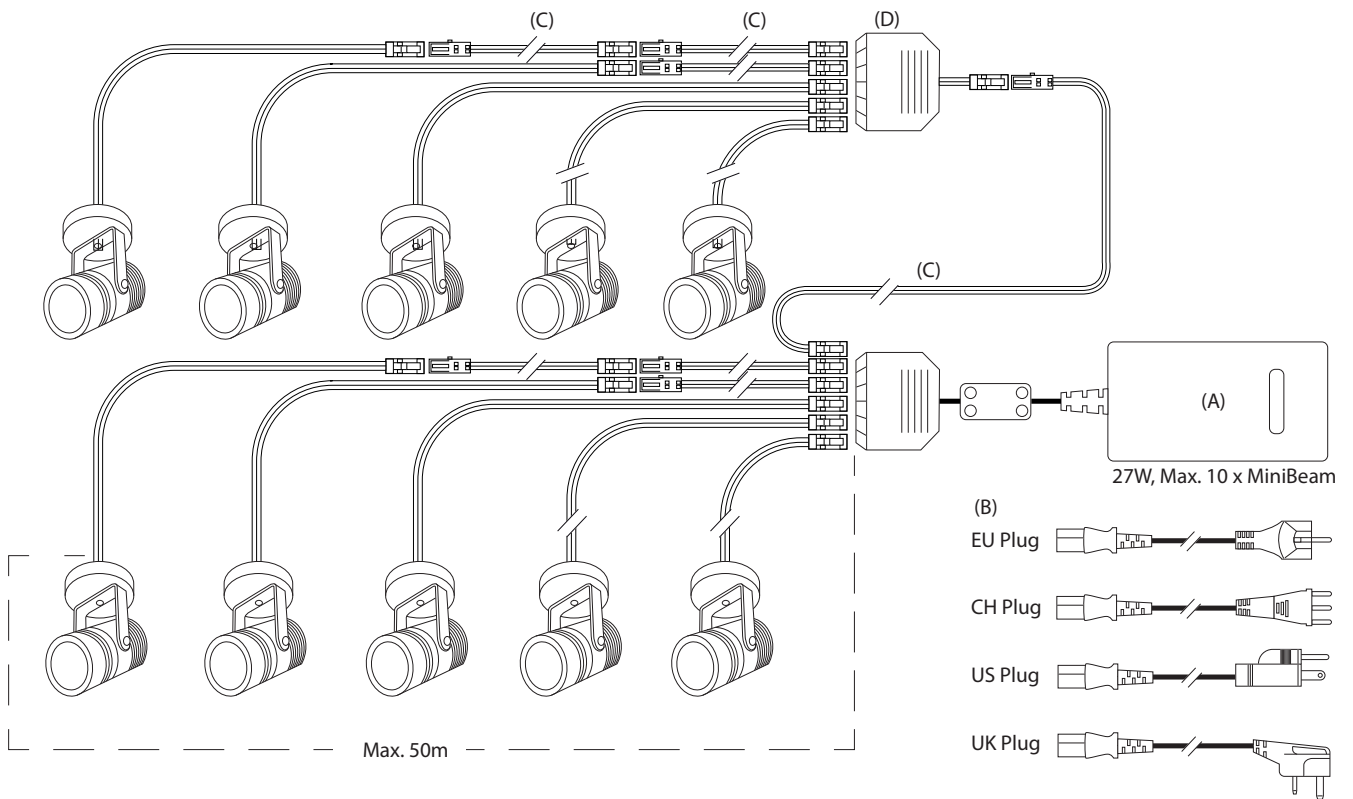

<b>Standards</b>	<b>CE</b>
------------------	-----------

<b>Environment</b>	IP60, indoor application only
--------------------	-------------------------------
